

South Sudan Scholarship Foundation

The South Sudan Scholarship Foundation (SSSF) is a grass-roots, non-profit organization created to help the children of South Sudan attain their dream of an education. As an organization we provide scholarships, tuition assistance, and other educational support to vulnerable children from the Republic of The Sudan.

This site was designed with a tremendous donation of time and energy. SSSF operates with as little organizational costs as possible meaning:

no paid employees, donated marketing services and grassroots fundraising campaigns. It costs \$475 per year for each student to attend schools with proper uniforms and supplies. Sponsor a year of school today! Site is in Joomla featuring a paypal donation module and can be read in ten languages.
